

# **IBUS - Update in Breast Imaging, Interventions, Management**

## A practical course with hands-on ultrasound workshops

### **Tel Aviv 2018, Programme – Day 1**

<b>08.30</b>	Welcoming remarks	E Durante, O Olsha
<b>08.40</b>	Ultrasound physics and image optimization	J C Bamber
<b>09.00</b>	Breast carcinoma: The sick lobe concept	E Durante
<b>09.30</b>	Evolution of ultrasound imaging systems	A Munding
<b>10.00</b>	Breast ultrasound: Equipment, technique, and pitfalls	E A M O’Flynn
<b>10.30</b>	<i>Coffee break</i>	
<b>11.00</b>	Lobar ultrasound anatomy of the breast	E Durante
<b>11.30</b>	Sonographic appearance of benign lesions	E Aribal
<b>12.00</b>	Sonographic appearance of malignant lesions	A Munding
<b>12.40</b>	Discussion session	
<b>13.20</b>	<i>Lunch</i>	
<b>14.00</b>	Demonstration session - scanning the breast and axilla	E Aribal
<b>14.30</b>	Principles of interventional techniques	D Koufoudakis
<b>15.00</b>	Video session – Ultrasound guided interventions	D Koufoudakis
<b>15.30</b>	Video session – Ultrasound guided surgery	D Koufoudakis
<b>16.00</b>	<i>Coffee break</i>	
<b>16.30</b>	“Hands-on” workshops 1 Scanning techniques of the breast and axilla Equipment optimization Core biopsy on phantoms	E Aribal J C Bamber D Koufoudakis
<b>17.15</b>	“Hands-on” workshops 2 Ultrasound guided vacuum assisted biopsy on phantoms Breast elastography on phantoms Ultrasound guided surgery on phantoms	A Munding E A M O’Flynn E Durante
<b>18.00</b>	<i>Adjournment</i>	

---

This course is recommended by  
the European School of Oncology

**IBUS - Update in Breast Imaging, Interventions, Management**  
A practical course with hands-on ultrasound workshops

**Tel Aviv 2018, Programme – Day 2**

<b>08.30</b>	Daily review	O Olsha
<b>08.40</b>	Digital breast tomosynthesis - Contrast-enhanced digital mammography	A Munding
<b>09.10</b>	The present role of breast MRI	E A M O’Flynn
<b>09.40</b>	Doppler and elastography physics	J C Bamber
<b>10.10</b>	Ultrasound imaging assessment of symptomatic patients	F K W Schaefer
<b>10.40</b>	<i>Coffee break</i>	
<b>11.00</b>	Video session: Stereotactic breast ultrasound	D Koufoudakis
<b>11.30</b>	Vacuum assisted biopsy: techniques and indications	D Gekhtman
<b>12.00</b>	Lymph node staging by ultrasound	D Gekhtman
<b>12.30</b>	Preoperative loco-regional ultrasound staging	E Durante
<b>13.00</b>	<i>Lunch</i>	
<b>14.00</b>	Automated breast ultrasound (ABUS)	A Munding
<b>14.30</b>	Ultrasound visible clips in breast cancer surgery	M Carmon
<b>15.00</b>	Multidisciplinary breast imaging and radiological-pathological correlations - Panel 1 Chair: O Olsha Panellists: E Aribal, E Durante, E A M O’Flynn, F K W Schaefer	
<b>16.00</b>	<i>Coffee break</i>	
<b>16.30</b>	“Hands-on” workshops 3 Scanning techniques of the breast and axilla Equipment optimization Core biopsy on phantoms	E Aribal J C Bamber E A M O’Flynn
<b>17.15</b>	“Hands-on” workshops 4 Ultrasound guided vacuum assisted biopsy on phantoms Breast elastography on phantoms Ultrasound guided surgery on phantoms	A Munding F K W Schaefer E Durante, D Koufoudakis
<b>18.00</b>	<i>Adjournment</i>	

---

This course is recommended by  
the European School of Oncology

**IBUS - Update in Breast Imaging, Interventions, Management**  
A practical course with hands-on ultrasound workshops

**Tel Aviv 2018, Programme – Day 3**

<b>08.30</b>	Daily review	O Olsha
<b>08.40</b>	State of the art – Breast elastography	F K W Schaefer
<b>09.10</b>	Breast MRI at 3 T and MRI guided interventional procedures	E A M O’Flynn
<b>09.40</b>	The male breast	E Aribal
<b>10.10</b>	<i>Coffee break</i>	
<b>10.30</b>	Does ultrasound have a role in dense breast screening?	Y Adler-Levy
<b>11.00</b>	Preoperative ultrasound planning of surgical procedures	E Durante
<b>11.30</b>	Intraoperative ultrasound and specimen management	O Olsha
<b>12.00</b>	Reporting breast ultrasound examination - Panel 2 Chair: F K W Schaefer Panellists: Y Adler-Levy, E Aribal, A Mundinger, E A M O’Flynn	
<b>13.00</b>	<i>Lunch</i>	
<b>14.00</b>	Imaging follow-up after breast conserving surgery and mastectomy	D Gekhtman
<b>14.30</b>	Emerging breast imaging techniques	E A M O’Flynn
<b>15.00</b>	The clinician’s need from the breast imaging specialist: Interactive session - Panel 3 Chair: O Olsha Panellists: E Aribal, E Durante, D Koufoudakis, F K W Schaefer	
<b>15.50</b>	CME Test	
<b>16.30</b>	Final Remarks	E Durante, O Olsha
<b>16.45</b>	<i>Coffee Break</i>	
<b>17.00</b>	“Hands-on” workshops 5 Scanning techniques of the breast and axilla Equipment optimization Core biopsy on phantoms	E Aribal J C Bamber E A M O’Flynn
<b>17.45</b>	“Hands-on” workshops 6 Ultrasound guided vacuum assisted biopsy on phantoms Breast elastography on phantoms Ultrasound guided surgery on phantoms	A Mundinger F K W Schaefer E Durante, D Koufoudakis
<b>18.30</b>	<i>End</i>	

This course is recommended by  
the European School of Oncology
