SOCIETY

Faculty Members

IBUS faculty consisting of international and local experts from Europe

Prof. N. Zafer Canturk – Turkey

Prof. Enzo Durante – Italy

Prof. Bahadir M Gulluoglu – Turkey

Dr. Dionysios Koufoudakis – Greece

Prof. Alexander Munding – Germany

Prof. Fritz K W Schäfer – Germany

Prof. Cihan Uras – Turkey

Prof. Stefan Voiculescu – Romania

Dr. Athina Vourtsi – Greece

Previous Course

Course Description

The IBUS Course: Multimodality Breast Imaging and Image-guided Interventions brings together an international and local faculty of breast disease experts. Presentations will highlight recent developments of clinical value, and define the current role of breast imaging modalities. Programme topics include new technologies, ultrasound, mammography and MR imaging, benign and malignant disease detection and diagnosis, and ultrasound-guided interventional techniques.

The lectures programme will be complemented by case presentations and panel discussions involving the expertise of the international and local faculty members with audience participation. A series of “hands-on” workshops will enable participants to gain valuable experience in the practical aspects of breast ultrasound imaging and the use of interventional techniques under the supervision of faculty members. This course provides a unique opportunity for all participants to benefit from the expert faculty gathered in Istanbul for this important (CME) activity.

Course Venue

Acibadem Maslak Hospital

Address: Darüşşafaka Mh., Büyükdere Cad. No: 40 Maslak, 34457 İstanbul, Turkey

Phone:+90 212 304 4444

How to reach Acibadem Maslak Hospital:

From Istanbul International Ataturk Airport

By metro: There is a direct line (M1A; the metro station is under the Arrival Hall; B1 level) to “Yenikapı” (last stop; travel time approx. 50 mins) where you may change to M2 Line and drop off at “Darüşşafaka” stop (travel time approx. 25 mins). There is a passage to Acibadem Maslak Hospital without leaving the metro station. Please follow the signs to “Acibadem Hastanesi” after you pass the turnstiles in the metro station.

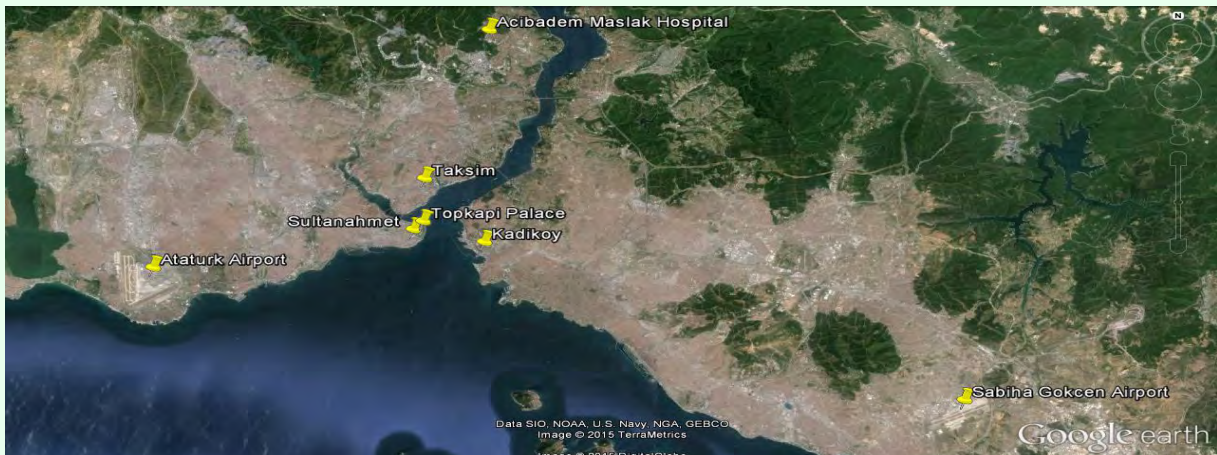

By bus: There is an airport shuttle bus (HAVATAŞ; bus departs from the stop just across the Arrival Hall; travel time approx. 30 mins) travelling to “Taksim” where you may take metro (Line M2) and drop off at “Darüşşafaka” stop (travel time approx. 18 mins).

By taxi: There are yellow taxis parking at the Arrival Hall exit. Travel time is approx 30-120 mins (depending on the time of the day). Expected fare to Acibadem Maslak Hospital is 70 TL.

From Istanbul International Sabiha Gokcen Airport

By bus: There is an airport shuttle bus (HAVATAŞ; bus departs from the stop just across the Arrival Hall; travel time approx. 60-90 mins depends on the time of the day) travelling to “Taksim” where you may take metro (Line M2) and drop off at “Darüşşafaka” stop (travel time approx. 18 mins).

By taxi: There are yellow taxis parking at the Arrival Hall exit. Travel time is approx 45-120 mins (depending on the time of the day). Expected fare to Acibadem Maslak Hospital is 100 TL.
