

The IBUS Educational Grant

General Information

IBUS incorporating the IBUS Breast Imaging School is offering a limited number of educational grants to support participation at IBUS courses

Educational grants are available on a competitive basis to doctors specializing in senology or doctors with experience in breast disease diagnosis and/or treatment:

- 35 years of age or younger
- With 2-3 years experience in breast disease detection, diagnosis and management
- With a special interest in improving the skills in the use of ultrasound for breast health care

Applicants will be required to provide:

- Copy of an official document confirming date of birth
- Curriculum vitae (maximum 4 pages)
- Document describing the motivation for participating
- Letter of support from the head of department

The educational grant will cover:

- The course registration fee
- Educational materials related to the programme
- Partial contribution towards travel and accommodation expenses upon presentation of the flight/train ticket and hotel receipt, shortly within 15 days after the end of the course.

N.B. Grant applications may be submitted not later than 20 days before the start of the course.
